

## Divide and Conquer

**Game Objective:** To be first to get 5 in a row.

**Materials:**

1. Completed game board (5 x 5, 7 x 7 or 10 x 10)
2. One 6-sided die (10-sided and 12-sided die can also be used)
3. Pencil or marker

**Instructions:**

1. First player rolls a dice and must find a number on their grid that is divisible by the number they rolled.
2. Write the division fact in that square.
3. Players take it in turn to roll the dice and find a number on their grid that divides evenly by the number they rolled.
4. First player to have division facts written in 5 squares in a row wins. A winning row can be across, down, or diagonal.
